

Hi there,

So we are all set to go with TechPint Cleveland IV (can you believe it's been a year since we started doing this??) on April 16th at the Agora Theatre in downtown Cleveland. We're kicking things off at 6pm and holding the event within the cosy confines of NEOSA's fantastic, week-long [Tech Week](#) festival.

### Couple of things:

- You can [register today here](#). Tickets are \$15 which includes food, a pint on us and a pesky city venue tax. You can also purchase a ticket for \$18 which includes parking next to the venue (per car) or pay the \$3 cash on the evening.
- Would you like to demo your startup or a new product at the event? We have some space in the demo area still so just reply to this message for more information.
- Would you like to [speak at TechPint](#)? We are exploring new formats where several speakers will have the opportunity to present to the TechPint audience for 5-10 minutes on topics that they are passionate about.
- Would you like to sponsor TechPint? Go on. Let me know.
- See if you can spot yourself in [this awesome video](#) from TechPint Cleveland III by the folks at [Tyler Village](#) (contact [Dave Fleming](#) for information on startup office space).
- And here are some really nice pictures from last week at TechPint Akron II from [Eric Patalinghug](#). Eric will be at the Cleveland event, too, so make sure you wear your good shirt.
- Speakers will be announced soon!

All the best,

Paul
